VOL. 63, NO. 212

TWIN FALLS, IDAHO, MONDAY, NOVEMBER 14, 1966

TEN CENTS

CLEARING AWAY DEBRIS from a derailed train kept Union Pacific Railroad crews busy most of Sunday night and Monday morning. Three rail cars were knocked on their sides when they were struck from the rear by an oncoming train at about 7:15 p.m.

Three Railroad Cars Damaged in Mishap

Extensive damage was reported in a train derailment at 7:15 p.m. Sunday near Idaho Frozen Foods, Inc., Twin Falls. Union Pacific Railroad officials said the mishap occurred when 13 railroad cars sitting on a siding were struck from the rear by a train engineered by Frank Peterson, Twin Falls. The train striking the cars was loaded with sugar beets. Two tank cars loaded with molasses and a box car filled with paper were knocked on their sides after the impact, and the contents of the tank cars was spilled out along the railroad tracks. Men wearing high rubber boots were working Monday morning in an effort to clear the tracks.

Railroad officials had no estimate of damage, and would not comment as to details of the accident which totally demolished the three overturned cars. The engine of the train, still on the tracks, sustained extensive damage and one of the cars jammed. A member of the train's crew said the weight of the train probably helped the situation. He explained that if the cars had been empty, the impact would have been greater and someone could have been seriously injured. As it was no one was injured.

Large cranes owned by the railroad were used to set the cars into an upright position. Officials said investigation is continuing.

5 Per Cent Interest Set On Stocks

WASHINGTON (AP) — The government plans to offer 5 per cent interest on its new savings certificates, much to the ire of the savings and loan industry, the Washington Post reported today.

President Johnson announced Sept. 21 that the government was considering a higher interest rate savings plan as part of a drive to coax Americans into lending more money to fight the Vietnam war.

The Post said purchasers of the 5 per cent certificates first would have to purchase 4.15 per cent "Series 2" savings bonds. The yield on the overall investment would be less than 5 per cent.

Savings and loan institutions in many areas pay between 4 1/2 and 5 per cent on passbook deposits, and although many could possibly make less be left for a fixed period of time.

Savings and loan institutions fear some of their funds may be diverted to the government certificates. "One effect of this would be less money available for home mortgages — already a tight market."

Search Given up For Radar Plane

OTIS AIR FORCE BASE, Miss. (AP) — The Air Force has given up its search for a radar-picket plane that crashed in the Atlantic Friday and has declared the 18 crew members dead.

A burned flight jacket and other items were found 123 miles southeast of Nantucket Island near Cape Cod.

7:15 P.M. Sunday. Two of the cars contained molasses and the third was filled with paper. No estimate of damage is available. The accident occurred near Idaho Frozen Foods, Inc., in South Park. No one was injured. (Times-News photo)

Detroit Man Heads Catholic Meeting

WASHINGTON (AP) — In a historic first for the Roman Catholic Church in the United States, Archbishop John F. Dearden of Detroit today was elected president of the church's episcopal conference. The election, which took place at a conference of 250 cardinals and bishops, is in line with a worldwide decentralization movement within the church. This stems from decisions of the Vatican Council, which gave national church bodies jurisdiction over many more matters than in the past.

Hitherto, the senior ranking prelate has automatically presided over the annual sessions of the National Catholic Welfare Conference, of the kind now in progress.

The president, elected for the first time, this year, will hold the office for three years, helping to oversee a wide range of Catholic activities.

The American cardinals took themselves out of the running before the election, which was held at Catholic University, Archbishop Dearden, 59, is widely known as a church scholar and administrator. Before being elevated to archbishop of Detroit, he served as bishop of Pittsburgh.

The Episcopal conference now under way is aimed at attuning Catholic practices more closely to modern times.

Advance predictions were that the "no meat on Fridays" rule would be eased if not abolished. An influential body of opinion in the church considers this form of penance obsolete.

And if Bishop Fulton B. Sheen, famed for missionary work, has his way, the building of expensive churches will be curbed, and more money devoted to the world's poor.

This annual episcopal session of the 261 American prelates — bishops, archbishops and cardinals — is marked by a number of firings. For one thing, they elect a president and a vice president.

Up to now, the senior ranking prelate automatically has presided at the conferences.

The change is part of a decentralization movement within the church around the world. The Vatican Council, 1962-1965, decided that many powers previously exercised by the Pope would be left to the discretion of national church bodies.

BRIDGE COLLAPSES

ANTWERP, Belgium (AP) — A 156-year-old, four-lane bridge on the highway between Antwerp and Liege collapsed Sunday, plunging seven automobiles into the Nehe River, and killing two persons. Sixteen others were injured.

Mesa police continued to fill in missing pieces of the youth's bizarre explanation for the slaying of strangers. A justice of the peace hoped to Impanella a coroner's jury today.

The dead were patrons or employees of the Rose-Mar College of Beauty, where Smith ordered a "ride" for himself and his wife in a circle on the floor, heads together, then walked around the circle, laughing and flitting repeatedly with a 22 pistol at the backs of their heads.

Dead are Joyce Sellers, 27, a housewife, and her mother, a 40-year-old woman. A 19-year-old daughter, Mary Margaret Olsen, 18, beauty college student and sister-in-law; Glenda Carter, 18, also a student beautician; and Carol Farmer, 18, a customer and wife of an Air Force man stationed in Alaska.

The two survivors are Bonita Sue Harris, 18, a third student beautician, who suffered head and arm wounds, and Tamara Lynn Sellers, 20, a minor, daughter of Mrs. Sellers. Tamara, victim of a minor arm wound and a skull fracture, was found lying under her mother's body. Both Miss Harris and Tamara were reported in satisfactory condition.

Spaceman Aldrin Clicks Photographs in Final Venture Outside Ship

CAPE KENNEDY, Fla. (AP) — Spacewalk champion Gemini 12 today and cooly clicked pictures of the U.S. astronaut outside a spaceship until 1968. The photo earth tracking stations with a minimum of conversation heard on the ground — lasted slightly longer than the 40 minutes originally planned.

Success of Space Walk Aids Program

CAPE KENNEDY, Fla. (AP) — Space Agency officials said the success of Edwin E. (Buzz) Aldrin Jr.'s space walk Sunday solved many problems about working in orbit and provided content for the Apollo moon-to-the-moon program.

Gemini's mission director, William C. Schneider, said Aldrin "did a job quite adequately that with the proper restraints and aids, EVA—extra-vehicular activity—can be done."

"We have generated a fair amount of engineering data for future missions," he said. "We have given the Apollo people enough information to go into their program with a lot more confidence."

America's last three spacewalkers had problems positioning themselves outside their spacecraft. Two of them were forced to scurry to the safety of their cabins because of fatigue.

Aldrin's walk plan was tailored to see if these problems could be overcome.

Handrails, handholds and foot restraints were tacked at key positions on the spacecraft and on the Agena to which it was linked. "Attached to Aldrin's waist were two lines which he could fasten at various spots and work like a window washer on a high ledge," Schneider said.

Two-minute rest periods were scattered throughout the stroll. Aldrin and his partner, Michael J. Smith, stayed outside Gemini 12 for a record 2 hours, 9 minutes—15 minutes longer than planned—and showed no signs of fatigue.

Dr. Charles A. Berry, the astronaut's physician, said: "The high level of alertness and view, we pleased it, came out as well as it did. He was in good condition at the end and certainly could have gone longer outside."

He said the agency wouldn't be doing its job if it didn't have such a contingency plan on paper. Such controls would require congressional approval.

Ford told the Grocery Manufacturers of America that the Johnson administration had done little to fight inflation, but failed wage and price controls "a last-resort measure."

Court Rules For States in Rights Matter

WASHINGTON (AP) — The Supreme court ruled today that states can declare their property out of bounds for civil rights demonstrators.

Moreover, by a 5-4 vote in a Florida case, the court held demonstrators who refuse an official request to leave can be arrested under trespass ordinances.

Significantly, the majority opinion was written by Justice William J. Brennan, Jr., a liberal, and not by Chief Justice Warren E. Burger, a conservative.

In this instance Black said, in the court upheld the trespass convictions of 23 Negroes who demonstrated outside the county jail in Tallahassee.

"Nothing in the Constitution forbids an even-handed Florida law which prevents the enforcement of its general trespass statute against these refusing to obey a sheriff's order to remove themselves from what amounted to the curtilage (yard) of the jail house."

Black said that as a private owner of property, a state has power to preserve the property from public use, and that which is lawfully declared.

FLIES TO VIENNA

VIENNA, Austria (AP) — Soviet Premier Nikolai V. Podgorniy today flew to Vienna for his first trip to the West since succeeding Anastas I. Mikoyan.

Police said Smith, described by schoolmates as a "loner," was a quiet and different boy, offered no resistance when police burst into the shop. Told he had a gun, Smith said officers said, the youth nonetheless gave a lengthy statement.

He said in the statement: "I had planned for three months, since his parents gave him a target pistol, to commit a mass murder. I had used several likely looking places, and selected the beauty college because there would be more people there."

—He got the idea from the slaying of eight student nurses in Chicago and the sniper killings in Austin which left 16 dead.

—His mother and 5-year-old sister Lisa had walked in during the killings. "I would have killed them too," he said.

—He wanted to kill about 100 people, and wanted to die himself.

—And the reason for it all, "I wanted to get known. Get myself a name. To see the headless man with my name in it before I die."

—Miss Harris told police that Smith said, nobody cared for him, that he laughed wildly as he shot his victims and that he explained, as he shot the children, "They'll grow up too."

Hope Fades for Crash Survivors

MATSUYAMA, Japan (AP) — Authorities gave up all hope today of finding survivors of the crash of a Japanese-made airliner which plummeted into the sea Sunday night. Six planes had searched the area in the hope some might have reached land, and 60 boats picked up 21 bodies. There were 45 passengers and five crew members on the plane that went down during a rainstorm. Twenty-two of the victims were honeymooners.

It was the fourth major air crash in Japan this year and the second of an All-Nippon Airways plane. A total of 321 persons died in the other three.

Johnson Optimistic About Operation

SAN ANTONIO, Tex. (AP) — President Johnson returns to the White House today, optimistic about the surgery he faces Wednesday and Philosophical about Republican election gains. "I don't think the country is going to the dogs," Johnson told a news conference Sunday in the modernist municipal center at Fredericksburg, 15 miles west of his Texas ranch. Johnson announced he will enter the Naval Medical Center at Bethesda, Md., late Tuesday and be operated on there early Wednesday.

Annual Idaho Congress Has Panel Talks

BOISE (AP) — Four veteran congressmen today opened the 40th annual All-Idaho Congress today with a roundtable panel on the legislative prospects for the 1967 session.

The All-Idaho Congress is the annual State Chamber of Commerce meeting. The 1966 Idaho congress was held in Boise, and was named after the 1966 distinguished citizen, Clarence A. Garrett of Pocatelli, president of the Idaho State Chamber of Commerce. He did not meet in Congress as he was going to the election.

Republicans made big gains in an expected congressional election Tuesday's national polls. But, after citing narrow margins, Johnson predicted he would return in the fall to Texas to spend much of the time until Congress reconvenes.

Republicans made big gains in an expected congressional election Tuesday's national polls. But, after citing narrow margins, Johnson predicted he would return in the fall to Texas to spend much of the time until Congress reconvenes.

Legislators on the panel fielded questions from political writers around the state. Legislation already proposed includes reorganization of the state government, and a possible gasoline tax increase.

The legislators were Senate State Affairs Chairman R. H. Burton, House Speaker Elmer L. Andersen, House Minority Leader Carroll V. Manning, D-Pocatelli; House Revenue Taxation Chairman A. B. Miller, R-Shelley; House Agriculture Chairman William J. Murphy, D-Mullan, member of the House State Affairs Committee.

All but Miller have been re-elected to the 1967 Legislature. Miller was defeated in Tuesday's election.

Asking the questions were John Corlett of the Idaho Daily Statesman in Boise, Lyle Olson of the Idaho State Journal in Pocatelli, Ben Plasting of the Post-Register in Idaho Falls and J. Brumling of the North Idaho Press in Wallace.

Jack Mulweeney, publisher of the Falls Times-News, was panel moderator.

B52s Attack Enemy Near Cambodia

SAIGON, South Viet Nam (AP) — B52 bombers struck back today at North Vietnamese targets as the U.S. military commander in the Cambodian border.

The giant Stratoforters, in one of three raids, hammered at North Vietnamese concentrations 18 miles northwest of the U.S. Special Forces camp. This was near the area where an estimated 800 North Vietnamese regrouped after a company of 18 men of the U.S. 25th Infantry Division Sunday.

Sheppard's Defense Rests Case in Trial

CLEVELAND, Ohio (AP) — The defense rested its case in the trial of Dr. Samuel H. Sheppard Jr. today, without a jury. The 42-year-old defendant was charged with the slaying of his first wife, Marilyn Sheppard, on July 4, 1955.

Sheppard testified for three days during his first trial. The end of the defense presentation began last Wednesday, came abruptly at the lunch recess. The trial is beginning its fourth week, although selection of a jury took from Oct. 24 through Oct. 31.

Dr. Charles Elkins of Tucson, Ariz., was on the stand most of the morning and told of examining the defendant a few hours after Sheppard's first wife, Marilyn, was murdered on July 4, 1955.

—And the reason for it all, "I wanted to get known. Get myself a name. To see the headless man with my name in it before I die."

—Miss Harris told police that Smith said, nobody cared for him, that he laughed wildly as he shot his victims and that he explained, as he shot the children, "They'll grow up too."

Kidnaped Baby Is Safe With Parents

DENVER, Colo. (AP)—A 41-hour search by police and FBI agents for a kidnaped baby ended happily Sunday with the safe return of the 2-day-old child to his parents.

The husky son of Mr. and Mrs. William Bacon of Denver was abducted early Saturday morning from a fourth-floor nursery at Colorado General Hospital.

Police are holding Susan Douglas, 29, of Denver, for investigation of kidnaping. Detective Jack Groginsky said the woman, after being advised of her rights, admitted taking the child.

No charges have been filed. Police will discuss the case with Denver Dist. Atty. Bert Keating today.

Bacon, 25, and his wife, Rebecca, were overjoyed with the return of their son. Hospital physicians said the 8-pound, 13-ounce baby was in good condition, but had "a touch of a cold."

Detective Dick Rennie attributed the discovery of the child to "good old legwork." Investigators pored through nearly 700 trip tickets from taxi companies before they found one that indicated a trip was made from the hospital area about the time the baby was missing.

Scott Werner, agent in charge of the Denver office of the Federal Bureau of Investigation, said Mrs. Douglas apparently lost a baby by a miscarriage recently.

"Apparently Friday she decided to go to a hospital and get a baby," Werner said. He said Mrs. Douglas entered the nursery that had two babies in it while the nurse on duty crossed the hall momentarily to get supplies.

Richfield Grange Elects Officers

RICHFIELD—Officers elected for the Richfield Grange are Eugene Alexander, president; Burl Atkins, overseer; Jack Hubsmith, steward; Mrs. Alexander, lecturer; Mrs. Burl Atkins, secretary; Mrs. Glen Ross, treasurer; Mrs. Agnes Powell, chaplain; Rupert Golocochen, gatekeeper.

The three graces are Mrs. Alexander, Ceres; Mrs. Golocochen, Flora; and Mrs. H. A. Ross, Parnona. John Base, Donald Ward, and Edgar Stubbs are members of the executive committee. Mrs. John Base is home economics chairman.

Students of Upward Bound Program Stage Art Show

CHICAGO (AP)—It could have been the opening of an avant garde exhibition at a big city art gallery or museum. But it wasn't.

The paintings and sculptures were there, all right, and many of them were just as modern as those of some well-known contemporary artists, and often as competent.

But there was punch and cookies instead of cocktails and canapés. The setting was the two-story lobby of Chicago's new skyscraper Federal Building.

The major difference lay in the artists—high school students from low-income families across the nation.

The show includes some 200 works in practically all art media—paintings, sculpture, ceramics, drawings, tapestry, collage, prints.

will remain in Chicago for two weeks, before it's divided into four smaller shows for tours of various sections of the country.

The works of art were something of an unexpected bit of luck from the Upward Bound program of the Office of Economic Opportunity.

In the show, and Mrs. LaVaur Wilcox, music director. The third annual parent and youth night will be presented at 7:30 p.m. Monday and Wednesday at the stakehouse. (Times-News photo)

were surprised—at what the students were doing. The 200 pieces in the show were selected from 650 submitted by 80 of the participating schools.

There is no clue in the pictures that they were done by anybody disadvantaged—economically or otherwise. The subjects range from trains to flowers—and landscapes—and abstraction is notable.

Reds Working in South Korea

By RAY CROMLEY

TOKYO (NEA)—Behind the strong U. S. warning to North Korea is a war not mentioned in the headlines.

North Korean military raids, kidnappings and atrocities aimed at American soldiers in attacks across the Korean armistice zone are only part of the picture. They may be diversionary maneuvers aimed at strengthening a Red Korean underground build-up in South Korea that began about five years ago.

This build-up has U. S. officials worried. It is following the early pattern of South Viet Nam, northeast Thailand and Laos.

Here is the story of that other underground war as pieced together from private talks with men with access to South Korean police and military sources.

A man named Kim one night was taken aboard a "fishing boat" off a small coastal village in North Korea.

Kim had been to a school for preparing Red agents. He was trained to ferret out a list of selected military targets in South Korea.

He carried a radio with which he could send reports to his superiors in North Korea. At specific times he would tune in for instructions and to pass on his information. He was armed with a revolver.

Kim would stay in South Korea for a period, then return north.

Other agents on the same boat with Kim had been trained at another school. One of these men was Sun.

Sun had a different mission

to get in touch with some cousins in South Korea, attempt to get them to protect and hide him. His job would be to develop a small Communist cell in the village in which his cousins live.

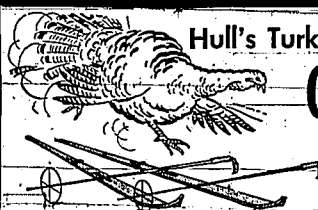

The "fishing boat" Kim and Sun boarded had a souped-up engine so that it could elude South Korean patrols.

This North Korean agent penetration has been steadily increasing since 1961.

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special)—For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain—without surgery.

so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!" The secret is a new healing substance (Bio-Dyne®)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form under the name Preparation 129. At all drug counters.

This is the story of the settlement and development of the Idaho Territory: a land ravaged by hostile Indians, plagued by thieving roughnecks, exploited by scheming politicians and inept Army officers. But it was a land settled by rugged men and their brave women, risking everything to carve a future from the wild countryside.

This is their intriguing story... a human drama of the town builders, the little people building a new and vital way of life.

Turkish Mobs Damage U.S. Consulate

ISTANBUL, Turkey (AP) — Angry mobs shattered windows of the U. S. consulate, damaged American cars and destroyed a night club early this morning in the southern Turkish city of Adana after eight U. S. servicemen allegedly assaulted Turkish women leaving a movie house, press reports said today.

The reports gave this account: The servicemen, from the Strategic Air Command base at Incirlik, near Adana, took refuge in a nearby night club. An angry crowd gathered shouting anti-American slogans and demanding that the Americans be handed over to them.

Police took the men to a police station for protection. The mob shattered the windows of the police station, then about 30 young persons marched to the U. S. consulate. They damaged American cars on the way. They stopped the consulate and damaged cars parked in front of the building. A spokesman for the consulate said some windows were broken, but no one was hurt.

Police finally called troops to disperse the mob. American military authorities invited U. S. servicemen and their dependents living in the town to take refuge on the base. The spokesman said the demonstrations were "scattered incidents." He said he knew nothing of how the incidents started.

Court Refuses Involvement In Argument

WASHINGTON (AP) — The Supreme Court refused today to get into the argument over priority of extra-long hair and beards on students.

Three men students of the Richmond, Va., Professional Institute asked the highest tribunal to strike down an institute order that they get shaves and hair cuts before being registered for a new term.

Refusing to get the barbering, the three said they were denied constitutional rights of free expression and to be left alone, and insisted the institute had amounted to cruel and unusual punishment.

Judge John W. Knowles of Richmond Circuit Court refused the three an injunction against the ban, stating:

"The court finds that the rule is reasonable and in no sense arbitrary. Plain common sense dictates that every educational institution, public or private, must set up and require observance of standards of conduct for its personnel — administrative, faculty and students. To argue

Goldwater Says Romney Has Work To Do Before Becoming 1968 Choice

WASHINGTON (AP) — Barry Goldwater says it's "not true" that he and Richard M. Nixon are collaborating to try to block any bid by Michigan Gov. George Romney for the 1968 Republican presidential nomination.

But Goldwater, though not closing the door on Romney, said the governor still has "a lot of homework to do" with party leaders to atone for not endorsing Goldwater in the 1964 presidential race.

Romney, meanwhile, said he still hasn't decided whether to run for president.

Goldwater was asked Sunday on ABC's "Issues and Answers" if he were collaborating with Nixon to stop Romney, as the questioner said, "it has been written and reported."

"No that is not true," said Goldwater. "I happen to be a Nixon backer, but I haven't seen Dick Nixon in person in over three months."

Nixon is regarded as another likely candidate for the nomination.

Romney, appearing on NBC's "Meet the Press," continued his nature to gloss over old differences with Goldwater.

Though saying "I just haven't made a decision" on whether to

Monday, November 14, 1966 Twin Falls Times-News

people who work in Republican politics. He has a lot of home work to do and a lot of spade and groundwork to do in the area of the Republican party itself."

Should you stop saving because of "tight money"?

Cut back spending and save more . . . is the advice most financial authorities give. Prices are rising as spending increases — borrowing costs are higher and loans are more difficult to obtain now. But, dollars you save now earn high dividends and will go farther when "tight money" eases up.

Save . . . for a better life!

Boy Charged With Killing 3 in Family

WINDSOR, N.C. (AP) — A 14-year-old boy was arrested Sunday and charged with three counts of murder in the fatal shooting May 29 of his father, mother and baby sister.

The boy was identified as Roger Bernard Lee of Windsor, a small community in Bertie County in northeastern North Carolina.

Preliminary investigation indicated the crime was a murder-suicide.

Dr. returned Daniel Lee, who has been living in New York City since the shooting, "admitted the shootings when questioned today in the presence of members of his family and after being fully advised of his rights."

Man Hangs Self After Charges Set

NEW YORK (AP) — A college dropout charged with stabbing his mother to death last night in their Queens home hanged himself Sunday in his cell at the Queens House of Detention, police said.

Stephen Worrall, 21, who had been bickering with his mother for two months, had told himself Saturday night to tell them, "I've just stabbed my mother."

Worrall had been under medical care for a nerve condition since he switched from engineering at a law school and then dropped out of college altogether.

His father, William, told police the daily argument between his son and wife had reached such a pitch Saturday he thought it was to kill a tranquilizer prescription his son had used up.

He returned to find his wife dead on the kitchen floor and police already there.

Det. James Smith, Worrall had been killed repeatedly.

British Heir To Throne Comes of Age

LONDON (AP) — Prince Charles, the heir to Britain's throne, came of age today with royal fanfare. It was school as usual on his 18th birthday.

Princess Anne, 16, is only 10 and in good health.

The birthday meant a raise for Charles because he will be taking on more and more royal duties. He has received an unspecified amount of pocket money in the past but now goes on the state payroll at \$24,000 a year.

Three left-wing Labor members of Parliament demanded to know how this squared with the wage freeze now in effect.

Spokesmen at Buckingham Palace and the Treasury said the prince's new income was more revenue from a trust fund and did not come under the wage freeze. Most of it comes from property he inherited as Duke of Cornwall.

Charles has had his semi-best mop-trimmed down to a smooth side part and is now as much as tall as his 6-foot-1 father, Prince Philip's influence on him is obvious.

The young prince has taken up polo, his father's favorite sport, and walks like Philip with his hands behind his back.

Although Charles goes to lots of dances and parties, he has no steady girl friend.

TEA STATED

BUIH The annual Guest Day Tea for the Buih Rehearsal Kensington will be held at 2 p.m. Tuesday at the Buih Odd-Fellows Temple. Each member will bring a guest who will be introduced during roll call.

**Your Spine and
Your Health**

By Dr. Ludwig C. Landwehr

X-Rays give information about your spine and body they enable the doctor of chiropractic to analyze your spinal condition and health. X-Rays and palpation (feeling with his fingers) are important factors in diagnosis.

Dr. Landwehr, who is partially blind, has been practicing for 15 years. He specializes in the relationship of the spine to other bones and structure. At a postural condition, he corrects it by manual means from occupational causes or other activities that put abnormal stress on parts of the body and ultimately can cause a spine problem.

X-Ray diagnosis aids the doctor of chiropractic to correct the spine and enables him to give you sound advice which can help avoid future illness and/or discomfort.

(One of a series of articles published in the public interest to explain and illustrate the practice of chiropractic, written by Dr. Ludwig C. Landwehr, whose office is located at 217 Main Ave., Twin Falls, Tel. 735-6322.)

Idaho News

SALE REPORTED

BOISE (AP) — Sale of an 80-acre tract of state-owned land in Madison County was reported Monday by the State Land Department. Appraised at \$7,800, it sold for \$7,801 to John W. Clark, Thornton.

WINS TITLE

POCATELLO (AP) — DeAnn Suppiger, 18-year-old Idaho State University freshman from Pocatello, was named Miss Wool of Idaho for 1966 over four other college girls in a contest here Sunday.

First runner-up was Marsha Margaret, 21, College of Idaho senior and daughter of Andrea Hennig, Sun Valley.

Other contestants were Gayle Hancock, Menan; Susan Alexander, Rupert; and Connie Gibson, Emmett.

CONTRACT AWARDED

BOISE (AP) — Awarding of a \$1 million contract for a flood control project in eastern Idaho was reported Monday by Gov. Robert E. Smylie.

The contract was awarded by the Walla Walla, Wash., district of the U.S. Army engineers that the contract has been awarded to Beaver State Contractors, Inc., Elgin, Ore.

It covers channel- and levee construction along the Snake River in the Hells and Love areas.

Mother Is Back With 7 Children

NEW YORK (AP) — Bubbles Smollen, 9, who, for five weeks, took care of her father, four brothers and two sisters, had her mother back again.

Theresa Smollen, 30, returned Sunday to her home, a three-room, \$40-a-month, Bronx flat. She disappeared Oct. 4.

Left behind were Bubbles, 9, and her husband, William, 46, and six other children ranging in age from 10 months to 11 years.

Mrs. Smollen was brought home by her husband from Darby, Pa., where she had been working as a machine operator. She identified herself to two Darby policemen Saturday, and said she wanted to go home.

They called New York police, who notified the husband.

"It was stupid," Mrs. Smollen said, "but I thought if I worked we'd get enough to rent a little house and we'd be together."

But after paying her room and board, she said, she found little left to save.

Desert Grange Elects Officers

RUPERT — Harold Smith was elected master of the Desert Grange at a meeting Friday at the Smith home. Other officers are: Kenneth Merrigan, overseer; Mrs. Ed Smith, treasurer; Mrs. Ed Smith, lecturer; and Mrs. Dale Smith, home economics chairman.

The seven members who attended were informed that the regular meetings will be the second and fourth Fridays. The Dec. 9 meeting, to be held at the home of Mr. and Mrs. Dale Smith, will be a card party.

The grange also voted to sponsor a boy to the Alpine Conservation Camp in 1967.

MAN KILLED

CULDESAC (AP) — A Lewiston man was killed Sunday when his car careened into a bridge abutment about 10 miles north of here on U.S. 95.

State Police said Paul Dahl Jr., 27, apparently fell asleep at the wheel. The car was in the time of the accident at 1:45 a.m.

CHARGED WITH ASSAULT

KUNA, Idaho (AP) — An Indian truck driver accused of beating a farmworker with a chain was being held in Ada County jail Sunday charged with assault with a deadly weapon.

Jailed was Mike High of Kuna, age unknown. Recovering from a Nampa hospital with head injuries was Joe D. Yozzie, 26.

Sheriff Paul Bright said Yozzie was hit with a chain with hooks attached during an argument in a trailer house in Kuna. He was not clear what the argument was about.

IDAHO GETS AWARD

BOISE (AP) — The state of Idaho was given Monday its fifth successive outstanding achievement award for its driver education program in the public schools.

The award was given to Gov. Robert E. Smylie by the National Highway Traffic Safety Council.

A. D. Lutz, director of the driver education program in the State Department of Education, said Idaho was one of about a dozen states to qualify for the award.

LOSE \$1 MILLION

BOISE (AP) — Boise merchants figure they lost \$1 million last year to shoplifters and at least one supermarket manager estimates merchandise taken by employees would double the figure.

The estimates were made in a survey taken by Statesman Newspapers reporter Fred Dadds.

The businessman told Dadds a few professional shoplifters are still purchased with age-old mediums of exchange. And just about everywhere the price has gone up — and up.

In primitive areas of the world, principally remote regions of Africa and Oceania, barter is still purchased with age-old mediums of exchange. And just about everywhere the price has gone up — and up.

A study of this practice, along with a collection of money, goes on display today in an exhibit titled "The Price of a Dollar" at the Chase Manhattan museum at Sixth Avenue and 50th Street.

For the most part, wife-buying is now symbolic and the cowrie shells, feather colls, porpoise teeth, yam stones and all the rest becomes status symbols for the bride's family, said Caroline Harris, director of the money museum.

"We were curious to know the amount the young 20th century bridesman must pay to secure a wife," Harris said. "We found that practices are not strikingly different from what they have been in the past."

Price for African Bride Soars to 50,000 Cowries

NEW YORK (AP) — Those who think inflation is strictly a phenomenon of Western civilization have had to wait until cowrie shells lately to buy an African bride.

Time was a young swain needed only two of these small, colorful shells to complete a deal with a bride's family. Now, in Cameroon, it takes 15,000 to 50,000 cowries.

On Santa Cruz, in the British Solomon Islands, the price of a bride has gone up to \$10,000. Leather colls and cowrie shells take control of the whole business from the bird catching to putting a price on a coll.

In primitive areas of the world, principally remote regions of Africa and Oceania, barter is still purchased with age-old mediums of exchange. And just about everywhere the price has gone up — and up.

Springdale Hosts Burley Priests

SPRINGDALE — The high priests of the Burley Snake met Friday evening at the Springdale Ward Catholic Hall for their annual dinner party.

Rev. Clark and Glen Dummer, in charge of arrangements, Frank Ham served as Master of Ceremonies and announced the program.

Table decorations were arranged by Mrs. Dean Manning, assisted by Mrs. Horace Callin and Mrs. Eugene Christensen.

Mrs. James Bronson, Mrs. Fred Johnson, Mrs. Ray Zoller and Mrs. William Mat thews arranged the food.

"My goodness, what a nice, warm blanket of service!"

The 14-state western area is covered from the coast to coast, direct, daily motor freight service. And, even during the winter, the dependable Carrier is braving the wind and snow, night and day, to deliver the loads of the nation.

What a warm feeling to know that villages, cities and towns, large or small, can get the same efficient service... just by calling Garrett!

If you think that service to the eastern half of the U. S. won't be the best... you're wrong! We're very busy. Our top-notch connecting carriers are carefully selected for their quality and ability to serve... without missing a stitch. Just give us a call and make us prove it.

DR. MARVIN G. FIFIELD

DR. MYRICK W. FULLEN JR.

will be among the keynote speakers at the Twin Falls Conference on Health and Social Problems at the YWCA Tuesday, Wednesday and Thursday. Dr. Fifield is educational psychologist for the Pocatello Public Health Department and is also director of the Idaho Department of Health and Social Problems and Brigham Young Universities. His speech will be at 8 p.m. Tuesday and is open to both educators and the public. Dr. Fullen is acting director of mental health for the Idaho Health Department and superintendent of State Hospital North in Orofino. He will discuss the services his organizations provide at a luncheon Thursday. A purpose of the three-day conference is to explore and demonstrate the close interrelationship between the fields of physical and psychological health and social problems. Several of the discussions at the YWCA are open to the public.

Price for African Bride Soars to 50,000 Cowries

NEW YORK (AP) — Those who think inflation is strictly a phenomenon of Western civilization have had to wait until cowrie shells lately to buy an African bride.

Time was a young swain needed only two of these small, colorful shells to complete a deal with a bride's family. Now, in Cameroon, it takes 15,000 to 50,000 cowries.

On Santa Cruz, in the British Solomon Islands, the price of a bride has gone up to \$10,000. Leather colls and cowrie shells take control of the whole business from the bird catching to putting a price on a coll.

In primitive areas of the world, principally remote regions of Africa and Oceania, barter is still purchased with age-old mediums of exchange. And just about everywhere the price has gone up — and up.

"We were curious to know the amount the young 20th century bridesman must pay to secure a wife," Harris said. "We found that practices are not strikingly different from what they have been in the past."

Nationalists See Defeat of Plan

UNITED NATIONS, N.Y. (AP) — Supporters of Nationalist China predict a 55-48 vote may defeat the U.N. General Assembly resolution to oust the Chinese Communists in the United Nations and expel the Nationalists.

The vote last year was a 47-47 tie. Debate on China's representation will start in the assembly Friday morning and a vote is expected a week or 10 days later.

For the most part, wife-buying is now symbolic and the cowrie shells, feather colls, porpoise teeth, yam stones and all the rest becomes status symbols for the bride's family, said Caroline Harris, director of the money museum.

"We were curious to know the amount the young 20th century bridesman must pay to secure a wife," Harris said. "We found that practices are not strikingly different from what they have been in the past."

Arts, Humanities Meeting Begins

BOISE (AP) — The first governor's Conference on the Arts and Humanities, to survey Idaho's cultural potential, begins Monday night with a reception at the Boise Gallery of Art.

Gov. Robert E. Smylie is to keynote the conference Tuesday afternoon. The two-day conference is scheduled at the end of his 12-year tenure.

Later on state programs including Junior Miss and Teen-age Rodeo will be discussed.

Twin Falls was selected for the 1968 state convention. McCull was chosen for the 1967 mid-year meeting and Kootenai home for the winter board meeting.

Boise Man Helps Save Transport

SAIGON (AP) — The C-130 Hercules transport with nine on board was in trouble 114 loads of fuel drums was leaking and it was headed toward a 3,000-foot mountain, unable to climb for fear of upsetting the drums.

The craft's navigation equipment also was out, but two air controllers, S. Sgt. John F. Ash, 22, of Boise, Idaho, and S. Sgt. Douglas L. Hock, 26, of Columbus, Miss., saved the day, the Air Force said.

Hock coordinated emergency landing preparations at Da Nang Air Base, 375 miles north of Saigon.

Ash recalled: "I gave the pilot a radar vector to guide him down a valley which, although only a little more than seven miles wide, was the only path through the high terrain."

The plane landed safely.

Johnsons Gather for Operation

SAN ANTONIO, Tex. (AP) — Luc Johnson, 35-year-old married daughter, is flying back to Washington to be with her father during his surgery this week.

She'll join Mrs. Johnson and other sister, Lynn, at Bethesda Naval Medical Center during the President's operations to remove a "fistula" growth and repair an incision hernia.

The President's surgery is scheduled for early Wednesday morning, but he will enter the hospital Tuesday afternoon. Mrs. Johnson, as she did during the President's gall bladder operation a year ago, will move into the hospital suite to stay throughout her husband's hospitalization.

The President said he timed his return to Washington today so his wife could be at his bedside upon his arrival at the White House.

The First Lady's date turned out to be tea with 150 women, 60 from Texas who are in Washington to make plans for a women's pavilion at the 1968 Hemis-Fair International Exposition to be held in San Antonio, Tex.

Salt Lake City Crime May Set Record

SALT LAKE CITY (AP) — Salt Lake City's crime rate is on its way to a record high as police investigated 988 crimes in the first 10 months of this year — 1,245 more than during the same period last year.

And October was a record month. Police logged 1,077 crimes last month, 53 more than in September and 274 more than in October last year.

Statistics show that during the first 10 months of this year, 1,312 crimes occurred at slightly more than 32 per day.

Major crimes are defined as murder, homicide, rape, robbery, aggravated assault, burglary, theft and auto theft.

Clearance rates are up for the year also. Police solved 183 cases this October — compared with 164 during the same month last year. A total of 1,912 cases have been cleared in the first 10 months of this year — 87 more than in the same period last year.

And value of property stolen also is on the rise. During October, \$276,686 worth of property was stolen, compared with \$188,635 in October last year. To date the value of stolen property is \$1,857,716 — \$414,531 more than during the same 10 months last year.

George Falligan Dies in Portland

SHOSHONE — Word has been received here of the death of former Shoshone resident George Falligan, 79, at a Portland hospital following surgery.

He worked here as a postal clerk on the Ketchikan branch line for many years.

He was retired and he and Mrs. Falligan, the sole survivor, have lived at Baker, Ore., since leaving Shoshone.

Mrs. Gladys Die, Shoshone, has come to attend the funeral services.

SINGER DIES

HOLLYWOOD (AP) — Mary Charlotte, former operatic tenor, died Sunday at his home, apparently of a stroke.

JAPANESE FARMERS pour their milk into the river to protect low prices offered by milk dealers in Omagari, north of Tokyo. More than 3,000 quart of milk were dumped over the bridge by the angry dairymen. Dairy farmers in other regions were agreeable to the price. (AP Wirephoto)

YOUR BIRTHDAY and HOROSCOPE

MONDAY, November 14 — Born today, you are a kindly, gracious person with an easy temperament and a live-and-let-live attitude toward other people. Although you may make demands upon yourself, demands that require you to do your best work at all times and to put your words to the best use possible, you are not one to make demands of others. You choose your friends on the basis of personality rather than on the basis of talent or abilities.

Although personal success means a great deal to you, you would never forfeit a friendship or even an acquaintance in order to achieve it. You would far rather be a mere cog in the wheel and keep your personal life intact than to gain professional notoriety at the expense of your own relationships with others. This is especially true where family relationships are concerned.

You have great emotional warmth and depth, and ready to open close with your fellows. Nevertheless, you are not one who can be constantly surrounded by people. Your nervous system demands that you have time to be alone, to unwind and reward at your leisure, and if you are wise, you will make it a point to schedule periods of isolation for yourself.

To find what is in store for you tomorrow, select your birthday and read the corresponding paragraph. Let your birthday star be your daily guide.

THE JUNIOR REALM

Q: How does one arrive at a girls, the barber, and a little proper allowance for spending pocket money. We presume, of course, that the money comes from the parents. We will be grateful for your help. Col. and Mrs. W. J. S. Ash, 22, of Boise, Idaho, and S. Sgt. Douglas L. Hock, 26, of Columbus, Miss., saved the day, the Air Force said.

Hock coordinated emergency landing preparations at Da Nang Air Base, 375 miles north of Saigon.

Ash recalled: "I gave the pilot a radar vector to guide him down a valley which, although only a little more than seven miles wide, was the only path through the high terrain."

The plane landed safely.

Johnsons Gather for Operation

SAN ANTONIO, Tex. (AP) — Luc Johnson, 35-year-old married daughter, is flying back to Washington to be with her father during his surgery this week.

She'll join Mrs. Johnson and other sister, Lynn, at Bethesda Naval Medical Center during the President's operations to remove a "fistula" growth and repair an incision hernia.

The President's surgery is scheduled for early Wednesday morning, but he will enter the hospital Tuesday afternoon.

Mrs. Johnson, as she did during the President's gall bladder operation a year ago, will move into the hospital suite to stay throughout her husband's hospitalization.

The President said he timed his return to Washington today so his wife could be at his bedside upon his arrival at the White House.

The First Lady's date turned out to be tea with 150 women, 60 from Texas who are in Washington to make plans for a women's pavilion at the 1968 Hemis-Fair International Exposition to be held in San Antonio, Tex.

Salt Lake City Crime May Set Record

SALT LAKE CITY (AP) — Salt Lake City's crime rate is on its way to a record high as police investigated 988 crimes in the first 10 months of this year — 1,245 more than during the same period last year.

And October was a record month. Police logged 1,077 crimes last month, 53 more than in September and 274 more than in October last year.

Statistics show that during the first 10 months of this year, 1,312 crimes occurred at slightly more than 32 per day.

Major crimes are defined as murder, homicide, rape, robbery, aggravated assault, burglary, theft and auto theft.

Clearance rates are up for the year also. Police solved 183 cases this October — compared with 164 during the same month last year. A total of 1,912 cases have been cleared in the first 10 months of this year — 87 more than in the same period last year.

And value of property stolen also is on the rise. During October, \$276,686 worth of property was stolen, compared with \$188,635 in October last year. To date the value of stolen property is \$1,857,716 — \$414,531 more than during the same 10 months last year.

are dependent upon their family for income, the child must be able to depend upon an allowance sufficient to supply its actual needs. Punishment is not to interfere with the allowance, for they should receive it regularly and on time.

Otherwise, it will interrupt their needful training and the child will lose interest in it. Be patient while your children learn by trial and error, and do not punish them for using their judgment. If they err, teach them the proper method, and don't ridicule them for the error.

SALE MANAGED BY MESSERSMITH AUCTION SERVICE

SALE CLERKED BY J. W. MESSERSMITH OF GEM STATE REALTY, TWIN FALLS

When you love your work, it shows.

And we love our work. So much so that we couldn't bear to stop with the slightest-looking ailing grille ever to grace a Wide-Track (Or any other car, for that matter). We went ahead and made the windshield wipers disappear. The car not only looks cleaner, but the wipers are less subject to icing and freezing, too.

Then we got rid of the wind windows on all Grand Prix hardtops. We replaced them with nifty monograms and a flow-through ventilation system. We even designed a rather unique hood-mounted tachometer option that's available on all Pontiacs. As for our other bright ideas — one is our eight-track stereo tape player and AM-FM Stereo-Multiplex radio. And, of course, our hand-some interiors have to be seen to be believed. All Pontiacs have standard safety features that include a dual master cylinder brake system with warning light, outside rearview mirror, and GM's energy absorbing steering column.

Isn't it time you decided to see your Pontiac dealer? If you love your work the way we do, it's the least you can do.

George Falligan Dies in Portland

SHOSHONE — Word has been received here of the death of former Shoshone resident George Falligan, 79, at a Portland hospital following surgery.

He worked here as a postal clerk on the Ketchikan branch line for many years.

He was retired and he and Mrs. Falligan, the sole survivor, have lived at Baker, Ore., since leaving Shoshone.

Mrs. Gladys Die, Shoshone, has come to attend the funeral services.

SINGER DIES

HOLLYWOOD (AP) — Mary Charlotte, former operatic tenor, died Sunday at his home, apparently of a stroke.

Topaz dispels bleak spirits

by NORMAN HERRETT

Those born in November have need of the golden glow of the topaz to "burn away" the bleak weather like autumn brings.

The topaz was said to cheer one, and to cure insomnia in children.

It is symbolic of loyalty, friendship, love, and those who wear it are known to remain devoted to their marital partners for life.

Some believe the topaz to be directly influenced by the sun and that its powers for good increase as the month wears. During the Middle Ages it was regarded both as a sedative and as a stimulant, according to the state of the moon.

Marine's healing powers were credited to the topaz; it was believed especially effective in strengthening the bones and teeth, and in preventing baldness.

Topaz is one of the hardest of gem stones, a silicate mineral found in a variety of colors, though the best known and most popular is a fine lively yellow resembling cherry wood. These are known by jewelers as Precious Topaz. Other colors include a blue, reddish clear and a dark red.

The finest yellow topaz comes from Brazil, after sources are found in Russia and Sri Lanka.

When you are shopping for jewelry or any special gift such as china, silver, watches, jewelry, gifts, etc., don't forget our Christmas gift collection. It's exceptional new and deserves your attention.

Fifth District WCTU Conclave Held in Rupert

The fifth district annual convention of the Women's Christian Temperance Union was held at the Rupert First Pentecostal Church.

Mrs. Lillian Rayborn, district president, presided. Mrs. Paul Moore was in charge of registrations and members were present from Twin Falls, Gooding, Boise and Rupert.

Rev. William Kraemer, pastor of the host church, gave the morning devotional message.

The president appointed resolution, courtesy, membership and publicity committees.

Robert Hoag was present and spoke briefly on the gratifying work he was able to accomplish in the schools this past year. He was able to speak and show films to 54,000 students on the dangers and evils of alcoholic beverages and narcotics.

A potluck luncheon was served at noon. The afternoon devotional service was led by Rev. George Godard of the Rupert Baptist Church.

Mrs. Bethel Day, Gooding, state promotional secretary, reviewed highlights from the recent state convention at Weiser. The challenging address of the afternoon was given by the newly elected state president, Mrs. Mabel Robley, Nampa.

Officers elected were Mrs. Lillian Rayborn, president; Mrs. Ralph Drake, vice president; Mrs. Weighall, corresponding secretary; Mrs. Homer Schnell, treasurer; and Mrs. J. W. Carroll, recording secretary.

Report of the resolutions committee included statements that members stand against all forms of obscene literature, television shows, and call for national legislation eliminating alcoholic beverage advertising; and for churches and schools to enlarge and continue their educational efforts in the evils of alcohol and narcotics.

Special music was furnished by Mrs. Iva Shoubaugh and Carol Briggs.

ADMIRING ITEMS displayed for Christmas gifts and decorations at the annual Twin Falls County Extension Homemakers Council potluck at the XWCA, are, left, Mrs. Anna Hayes and Mrs. Howard Runk. Each club in the council brought ideas for Christmas decorations and gifts for display. (Times-News photo)

Homemakers Council Has Annual Potluck

The Twin Falls County Extension Homemakers Council held its annual Christmas potluck at the XWCA, with the theme, "Vest in Your World."

Convention reports were given by Mrs. Raymond Montgomery, Mrs. Howard Runk, Mrs. Ben Eldredge, Mrs. Anna Hayes and Mrs. Richard Reed. Each club brought new and interesting ideas for Christmas decorations or gifts. All items were made by the homemakers and displayed.

Communities charge of activities include secure building, Country Pals; registration, Modern Mrs.; table centerpiece, Merry Wives and Neighbors; tables for displays, Sew Long and Town and Country; kitchen, Salmon Track Homemakers and Spring, and cleanup, Creative Y Wives, Silver and Gold Homemakers and KimSen.

Declo Woman Is Honored

DECLEO — Mrs. Marie Darrington was honored on her 81st birthday anniversary at a party given in her honor.

A buffet style dinner was served. One son, Charles Darrington, and his family were unable to attend. A bouquet of red roses was sent from his family, who also called during the afternoon.

A birthday cake, complete with candles, centered the buffet table.

CHAIRMAN-NAMED
PITTSBURGH (AP) — The National Society for Crippled Children and Adults has named racing driver Mario Andretti of Nazareth, Pa., chairman of the 1967 Easter Seal campaign. It was announced Sunday in Pittsburgh.

The Catchall classes for all eight grades will participate during advent in making symbols of Christianity from styrofoam.

Mrs. Lodzinski is the chairwoman for the Christmas program. Mrs. Lodzinski is the chairwoman for the Christmas program.

Mrs. Porter Conducts Local LAPM Review

A review was held when members of the Ladies Auxiliary Patriarch Militant met in the Twin Falls Odd Fellows Temple. Mrs. Fern Porter, Caldwell Auxiliary No. 2, vice president of the Department Association, Ladies Auxiliary — Patriarch Militant, was the reviewing officer.

Mrs. Irene Childers conducted the meeting. Opening thought was given by Mrs. William Jewell and the closing thought by Mrs. George Easton.

Mrs. Loland-Hudson, officer of the day, introduced the dignitaries. They include Mrs. Porter, Mrs. Carl Ridgeway, right aide to the chaplain; Mrs. Anna Leith, past president of the department association; Mrs. Esther Arbogast, past president of the department; Brig. Gen. Ridgeway, department commander, retired; Lt. Col. Leroy Fenton, sentinel department council; Bert Womach, quartermaster department council; Evert Hughes, herald of the Grand Lodge; Tom Boyd, member of the World Eye Bank and Visual Research Foundation and member of the youth committee; and Mrs. Hudson, sentry department association.

It was reported that calls have been made to the ill, shutins and bereaved — cards and flowers sent and food donated.

Mrs. Myrtle Bair, publicity chairman for the auxiliary, was escorted to the center of the door by Mrs. Hudson. Mrs. Frank Eastman then presented her an LAPM Charm from Adelaide Howards, retiring president of the department association, for her services. Mrs. Anna Leith then presented her a personal gift. Mrs. Bair expressed her appreciation and thanks.

Mrs. Ridgeway thanked the auxiliary for her decoration of church, which was presented to her when Grand Lodge met in Pocatello. Mrs. Eastman, delegate to the department association, gave her report of the meeting. Officers were elected. Mrs. Easton, secretary and Mrs. Bair, treasurer.

This Year in Bout With Williams Tonight

HOUSTON (AP) — Cassius Clay will risk his world heavyweight title for the fifth time in a year Monday night when he faces 33-year-old Cleveland Williams, a man who is lucky to be alive. Still carrying a policeman's bullet in his body as a result of a gunshot wound in a scuffle with a highway patrolman in 1964, Williams is given only a long shot 5-1 chance to win. Williams once was one of the most feared punchers in the division.

Williams, Officer Settle Differences

HOUSTON (AP) — Cleveland Williams and the police officer, who wounded the heavyweight challenger in a scuffle two years ago, shook hands Sunday and wished each other well. The occasion was a visit by Dale Witten of the Texas Highway Patrol to the fighter's hotel room where Williams presented the ex-marine and soldier two ringside seats for his title bout with champion Cassius Clay—here Monday night.

"I wish you the best of luck," said Witten as they shook hands. "I hope you win." "Thank you, you know," said Williams. "Irene," Williams' wife of 11 months, then asked Witten to sign a copy of the Bible. Witten, who is a member of the Golden Rule Church of God and Christ in Antioch, Mo., signed the Bible.

They also shook hands. Witten, 38, of Tomball, Tex., has been with the Texas Highway Patrol 12 years. Williams' insides were ripped up by the pistol shot during the scuffle between the 5-foot-8, 210-pound officer and the 6-2, 210-pound fighter. Williams was charged with aggravated assault on a police officer while driving while intoxicated. The fighter underwent three operations.

"I have no hard feelings for him," said Williams, almost echoing Witten words for word. "I wish him the best in his career in separate interviews. 'The Lord takes care of all of us,' said Williams. "I just thank God that I am here."

Gabriel-Led Rams Crush Giants 55-14

LOS ANGELES (AP) — The Los Angeles Rams' towering quarterback, Roman Gabriel, threw two scoring passes and sneaked across for two touchdowns to lead his club to a crushing 55-14 victory Sunday over the outclassed New York Giants.

Gabriel, 4-foot-4, 225-pound, enjoyed his finest afternoon of the National Football League season before 34,748 fans in Memorial Stadium. The five-year pro completed 24 of 35 passes for 228 yards and directed the Rams' best offensive effort so far.

Los Angeles launched its overwhelming attack against the Giants' defense when Gabriel hit halfback Tom Moore with an 11-yard touchdown throw the first time the Rams touched the ball.

The Giants' first score came on the game's most thrilling play. Henry Carr's 100-yard puntback of a pass intercepted by Stan Stankovic.

76ers Hit Late To Trim Bulls

CHICAGO (AP) — Hal Greer, a secret guard, scored 13 points in a torrid fourth quarter Sunday night to send the Philadelphia 76ers to a 132-126 victory over the Chicago Bulls in a National Basketball Association contest.

The victory was the 11th in 12 games for the Eastern Division leaders, while the Bulls suffered their fourth straight loss.

But that was before the wound sent him to a Houston hospital for four major operations in seven months. Nobody knows how much he has left.

The faint possibility of an old style Williams' punch crashing against the still-suspect jaw of the undefeated champion is expected to draw over \$5,000 to the Astrodome and a gate of close to \$500,000 for the 15-round match.

The bout is scheduled for 10:30 p.m. EST, with radio coverage on the Mutual network. There will be no free home television but it will be broadcast by closed circuit television to about 125 locations in the United States, at least 11 in Canada and will be carried to England via Early Bird satellite. About 42 other nations will get delayed versions.

Clay, 24, has been the busiest heavyweight king since Joe Louis, who defended seven times in 1941. Starting with Floyd Patterson in Las Vegas last Nov. 22, Clay has disposed of George Chuvalo in Toronto, Henry Cooper and Brian London in London and southpaw Karl Mildenberger in Frankfurt.

The champ, who prefers to be known by his Muslim name of Muhammad Ali, is appealing his three-year suspension from boxing and asked Aug. 22 for deferment on religious grounds.

While waiting for a ruling, Ali has been cashing in heavily. He will get 50 per cent of the live gate and 50 per cent of the ancillary rights, including the estimated \$60,000 in radio, movies and other extra dough.

Much depends on how many of the estimated 600,000 closed circuit seats are filled.

Williams, known as the "Big Cat," is a big favorite in this city. He has won four of his seven comeback fights since the shattering two-by-knockout. He gets 20 per cent of the live gate but only 14 per cent of the extras.

The remainder is divided among the Astrodome owner and the promoters. Clay has a perfect 26-0 record with 21 knockouts, including two over Sonny Liston before he launched his latest busy streak, Aug. 10, Nov. 26.

The Rangers' opponent will be either Bolo, Idaho, or Ferrum, Va. If Bolo defeats Taft this week end, the Idaho team is due to be invited. But if Bolo loses, Ferrum is expected to get the nod.

THROWN FOR A LOSS. Washington quarterback Sonny Jurgensen, center, is throttled by Dallas tackle Bob Lilly (74) 10 yards behind the line in the first quarter Sunday at Washington.

Dallas' Late Field Goal Stops Skins

WASHINGTON (AP) — Danny Villanueva kicked a 20-yard field goal with 15 seconds remaining and enabled the Dallas Cowboys to score a 31-30 victory over Washington Redskins in a National Football League game.

The field goal came after the Redskins pulled ahead with 5:36 remaining as Charley Taylor made a diving catch of an 18-yard pass from quarterback Sonny Jurgensen.

The Cowboys were aided on their last drive by a 15-yard personal foul penalty on John Reger just before Villanueva kicked the field goal.

Dallas built up a 21st first half lead, but ran into a revitalized Redskins team in the third period.

The Redskins scored 17 points in the period on a 78-yard pass play from Jurgensen to Taylor, a four-yard touchdown from

Accident Claims Second Victim

LOS ANGELES (AP) — Race driver Dick Atkins of Hayward, Calif., became the second victim Sunday of a fiery spring car race accident that killed racer Don Branson of Champaign, Ill., Saturday.

Atkins, 33, died at noon, in Gardena, Calif., Incorporated Hospital, Branson, 46, a two-time national sprint car champion, was killed instantly in Saturday's accident at suburban Ascot Park.

The accident occurred on the fifth lap of a 30-lap main event when Branson's car slammed into the south turn crash wall.

Kicker Sets Mark As Vikings Fall

MINNEAPOLIS—ST. PAUL (AP)—Gino Cappelletti, a left-footed soccer style kicker from Cyprus who didn't see an American football game until five weeks ago, kicked a National Football League record six field goals Sunday and Detroit intercepted five Fran Tarkenton passes to defeat the Minnesota Vikings 32-31.

Cappelletti, who has led the Lions just six weeks ago after coming to this country from London to visit a brother-in-law, intercepted five Fran Tarkenton passes to defeat the Minnesota Vikings 32-31. Cappelletti, who has led the Lions just six weeks ago after coming to this country from London to visit a brother-in-law, intercepted five Fran Tarkenton passes to defeat the Minnesota Vikings 32-31.

His kicks ranged from 15 to 33 yards and gave the Lions their first 18 points. The interceptions, including three by Mike Lucel, were a big factor in the defeat of the Vikings, however. Lucel romped 53 yards after picking off a Tarkenton pass early in the fourth quarter to set the Lions on the march for the first time at 25-24.

Then John Robinson ran 64 yards with a punt to set up an interception touchdown for a 29-24 margin.

Tarkenton, suffering through one of his worst afternoons as a pro, finally directed a 71-yard touchdown march with 2:42 left in the game.

The Vikings got the ball back with 1:04 to go but couldn't get the field goal range and lost the ball on downs to seal their doom.

Quarterback Babe Parilli also connected on a 42-yard scoring shot to Jim Whalen for Whalen's first touchdown in two years as a pro.

Don Trull passed nine yards to Larry Edder for Houston's first score and 42 yards to Charlie Frazer to give Houston a temporary 14-10 lead.

Cappelletti then hauled down a pass from Parilli on the 63-yard scoring maneuver and finished the half with his second field goal just before the intermission.

The Oilers threw a scare at the Patriots when Tom Donnell to Frazer and George Blanda added the extra point to pull Houston within six points with 1:41 remaining.

The Oilers regained possession with 43 seconds remaining.

Chiefs Coast To 34-16 Win Over Miami

KANSAS CITY (AP)—Len Dawson passed for three touchdowns and 256 yards in the first half as the Chiefs coasted to a 34-16 victory over Miami Sunday, maintaining Kansas City's lead in the American Football League Western title.

Four interceptions in the first half, two by safety Johnny Robinson, also played a major role. The Chiefs smothered Miami's passing game for the first time since the first half of the season.

Kansas City stayed in control on the ground for a 71-yard rushing drive for the winning touchdown. Bert Coon's 34-yard run set it up, and he scored from 10 yards.

DISPLAYING TROPHIES PRESENTED them as members of the Rotary Club, Seventh Grade football team, winners of the Seventh Grade Little League championship are, from left, front row, Brad Brennan, Larry Wentworth, William Slater, Kevin Nelson, Jeff Swope and Scott Trappan. From left, middle row, are Todd Rude, Demis Blackwood, David Emerson, Grant Salisbury, Joe Swope, Hyrum Morrison, John Jensen, Randy Seamon, Brad Scheele, Philip Martin and Alan Comer. From left, back row, are Robert Gransbury, Craig Bledsoe, Jay Rank, Steve Farr, Martin Foss and William Long. (Times-News photo)

Flores Guides Raiders Past San Diego

SAN DIEGO, Calif. (AP)—Tom Flores threw three touchdown passes to stampee Oakland to a 41-13 victory over San Diego Sunday, raising the Raiders into second place ahead of the Chargers in the American Football League's Western Division.

Oakland struck for 21 points in the second quarter to run a straight division tie.

The Raiders took a 28-10 half time lead on Flores' second period scoring passes of one yard to Art Powell and two yards to Clem Daniels, with a three-yard touchdown plunge by Steve Dixon sandwiched in between.

After the Chargers' Dick Van Rensselaer kicked a 35-yard field goal to narrow the Oakland margin to 15 points in the third period, the Raiders added their lead on Dixon's two-yard touchdown run and Mike Eisendahl's 22 and 23 yard field goals.

Young Steve Tost, replacing John Hadl at quarterback for the Chargers, gave San Diego six points in the final seconds when he threw a 34-yard pass to Jackie Mackinnon.

Polar Air Sends Ducks Southward

A polar air mass, thrusting out of the north in the last days of October, swept almost all waterfowl from the prairies, ducks unlimited said today.

Extreme southern Alberta experienced a cold snap and geese were present in good numbers. Elsewhere, on some of the larger waterfowl refuges, the ducks, geese, and geese were present in good numbers.

Sub-zero temperatures in southern Alberta and five to six inches of snow November 5 and 6 pushed the last of the ducks from the province. In Saskatchewan, 10 below zero temperatures closed out the last of the ducks. In Manitoba waterfowl were already long gone.

Except for last year, when the ducks were present in good numbers.

THE TIMES-NEWS

Colts Trim Atlanta, Ryan Passes Tie Division Lead

ATLANTA (AP)—Baltimore survived a first half challenge by surprising Atlanta and moved into a tie for the Western Division lead in the National Football League Sunday by pinning the ninth-straight loss on the Falcons, 10-7. Atlanta led 7-0 at the half. In the third quarter Johnny Unitas finally found the range and hit on three straight passes on a 57-yard drive capped by Lenny Moore's plunge over the goal in the third quarter, putting the Colts ahead to stay.

Unitas hit on only five of 15 passes in a frustrating first half for 60 yards. The Colts' only five interceptions killing their hopes before a record Atlanta crowd of 68,850.

Neither team was able to score.

Michael Bledsoe hit third and four field goals, 36 and 13 yards, in the second half to give Baltimore a safe edge and tie with the Green Bay for the division lead.

data was November 3, the big movement was about two weeks earlier than it has been for the past five years. It was also the most satisfying. Excess of 1 for Manitoba, where mallards said to be in short supply, reports from the field have been most gratifying. Concentrations have been reminiscent of the 1954 and 1955 years.

Waterfowl have made a strong recovery from the reverses of the 1954 and 1955 years. The forecast 1956 was undoubtedly the best waterfowl production year of the decade.

A warm-up fall with virtually no precipitation in September and October has reduced prairie water levels much more than was originally anticipated. Water conditions are fairly good in the parklands but the southern prairies, particularly in Saskatchewan, will require a good spring runoff to replenish the habitat.

Ryan Passes Browns Over Eagles 27-7

CLEVELAND (AP)—Frank Ryan kept a spluttering Cleveland offense moving with touchdown passes of 28 and 16 yards as the Browns scored a 27-7 National Football League victory over the Philadelphia Eagles Sunday.

Ryan connected on scoring passes to Paul Warfield and Morin, and Ernie Green scored on a 27-yard burst up the middle. Lou Groza kicked field goals of 22 and 23 yards as the Browns, playing before a crowd of 71,968, boosted their record to 6-3.

Rotary Club's Little League Team Feted

Twenty-three members of the Twin Falls Rotary Club's under-ten football team were honored Wednesday at a banquet luncheon held at the American Legion Hall.

The Little League team is composed of seventh grade boys from Twin Falls. The team compiled a 5-0 record to win the Seventh Grade Little League football championship.

Including non-conference games, the offense scored 157 points while the defense was holding the opposition to 13 touchdowns.

The Rotary team includes graduates of the Morningstar School now attending O'Leary and Robert Stuart Junior High Schools.

mount's scoring drive until late in the first half when the Browns drove 81 yards in five plays for a touchdown.

Green burst through the center of the line on a draw play and galloped 27 yards for the score.

Second Place

By The Associated Press
The Big Sky Conference title football race is over with Montana State on top of the list, but a major game shapes up this weekend featuring Idaho and Weber State.

The winner will hold second place in the final standings. And it will be something of a revenge game.

Idaho and Weber State tied last season for the conference crown and only Weber State defeated the Vandals in Big Sky play.

Both Idaho and Weber State won weekend games, Idaho crushing Montana 40-14 and Weber State hurling past Portland State 31-14.

Both teams feature powerful running attacks. Ray McDonald of Idaho has picked up 1,074 yards in rushing this season. He scored five touchdowns against Montana Saturday.

In the other game involving a Big Sky team, Parsons of Fairfield-Jewell defeated Idaho State 13-8.

After the Weber State-Idaho game this weekend, there is only one more contest involving a Big Sky team, Idaho State is at Portland State Thanksgiving day.

Miss Haynie Is Golf Victor

SAN ANTONIO, Tex. (AP)—Sandra Haynie won \$1,875 Sunday with a solid putting touch that outlasted Shirley Englehorn, Caldwell, Idaho, on the third hole of a sudden-death playoff for the Alamo Open Women's Golf Championship.

Miss Englehorn was leading tournament going into Sunday's final rounds. Her second place was worth \$1,100.
